### LOST HIS ANKLE.

Eugene M. Hildreth the Victim in an Unfortunate Accident at Altemhelm Station—The Limb Amputated.

Mr. Eugene M. Hildreth, a well-known suburban resident, was the victim of a serious accident at the Altemhelm station of the Wheeling & Elm Grove railway yesterday afternoon at 5 o'clock. He was struck by a motor, while attempting to get out of the road of a passing motor on the other track, and his right leg was crushed above the ankle, so that the limb had to be amputated.

This operation was performed last night at the home of Mr. Hildreth's cousin, B. M. Hildreth, at Woodside, whence the sufferer was removed. It is thought Mr. Hildreth will not suffer much from the shock attendant to his accident, and at a late hour it was reported that he was resting easily and his recovery was considered assured. The limb was amputated below the knee.

Mr. Hildreth had stepped out of Criss' store, at the Altemhelm station, preparing to board the Elm Grove east-bound motor for his home near the park, and becoming confused at the approach of the city-bound motor, stepped off one track only to jump back an instant later. He managed to draw one leg from the rails after the motor knocked him down, but the wheels caught the other leg, crushing it at the ankle. He suffered no other injuries.

She has been wandering the streets lately, and the authorities are glad she will now be compelled to accept a home.
